

THE **NEXT GENERATION** OF TILLAGE TOOLS

Introducing **Blue Armour™** - the longest wearing, most durable, and best value sweep we've ever produced.

It's the new BTT Blue Standard.

- ♥ **Longer life**
- ♥ **Increased durability**
- ♥ **Reduced stem wear**
- ♥ **Better value = more acres per dollar**

Blue Armour™ Sweeps

24-40% LONGER LIFE...SAME PRICE

DECREASING WEAR

A number of field tests have been conducted in North America and Europe. Results have shown that Blue Armour™ improves wear life by 24-40%. The variation in these results is attributed to the variety of soil and field conditions encountered during testing.

The sweeps, as shown in the photos to the right, were taken from a test conducted by an OEM in Germany. These tests substantiate that **Blue Armour™ has raised the bar in wear life and overall value.**

BTT REGULAR SWEEP
105 HA WORKED

BTT BLUE ARMOUR™ SWEEP

ELIMINATING PROBLEMS

Extreme stem wear, as shown in the photo to the right, is a common problem in many field conditions.

Field tests have shown premature stem wear is eliminated with the Blue Armour™ sweeps.
