## OPENERS TO FIT VÄDERSTAD SEED HAWK

1/2" fertilizer opener directs product to the bottom of the furrow opening.

The carbide insert on the nose along with additional hard-surfacing on critical wear areas help increase the life of the opener.

**686-KNH-5020G** Granular<sup>1</sup>

**686-KNH-5020GL** Granular + Liquid<sup>2</sup>

**686-KNH-5020L** Liquid<sup>3</sup>

**686-KNH-5020N** NH<sub>3</sub><sup>4</sup>

**686-KNH-5020GN** Granular + NH<sub>3</sub><sup>5</sup>

1/2" seed opener directs seed to the bottom of the furrow opening, placing seed in a single row onto a firm, un-fractured seed bed.

The carbide insert on the nose along with additional hard-surfacing on critical wear areas help increase the life of the opener.

**686-KNH-5010** Seed<sup>1</sup>

**686-KNH-5010P** Seed + Liquid Phos<sup>2</sup>

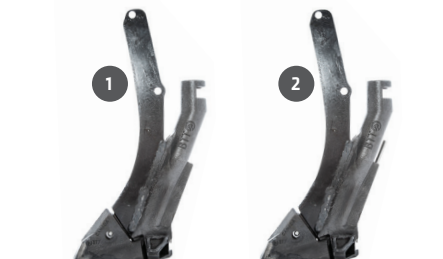

This inline twin row seed opener directs seed rearward through the holder placing seed in two rows onto a firm, un-fractured seed bed.

Carbide inserts on the underside of the wings and on the front of the nose maintain a sharp cutting edge through the life of the tip. Extra hard-surfacing on critical wear areas increases the life of the opener.

Assembly includes the 3" (76mm) cast chrome tip (200-TIP-3011).

**686-ASY-3011** Seed<sup>1</sup>

**686-ASY-3011P** Seed + Liquid Phos<sup>2</sup>
